Special Rollers

## Roller
Turned&Milled

FFP1, FFP2, FFP3 and Hygienic IIR Masks

Cleaning Roller
Anti-clogging

Roller designed for cleaning in extreme cases, when a normal rubber roller, either because of the environment's humidity or of the material to be transported (clay, mud...) isn't enough.

MC1
Motorroller

The Codimar CM-1 Motor Roller is a optimal element to activate any type of conveyor to use intralogistics, for its durability, efficiency, ease of installation and guaranteed results
